

**SILENT AUCTION TO BENEFIT THE COPPEN FAMILY**  
**COUNTY CUP WEEKENDS**  
**MARCH 31-APRIL 2 & APRIL 7-9**

In early January, Scott Coppen, one of our hockey coaches for the Seacoast Spartans 08 team, was diagnosed with a Grade 4 Glioblastoma. Within the past months, he had undergone two brain surgeries. Currently, he is now in North Carolina, and has been invited into the care of renowned neurosurgeon Dr. Alan Friedman and Neuro oncologist Dr. Henry Friedman from Duke University and has been accepted into one of their clinical trials for treatment of this type of cancer. This will mean plane tickets, extensive hotel stays, transportation, and takeout meals and much more for their entire family.

As a team The Seacoast Spartans 08 Team has pulled together, along with the help of many others, to host this silent auction to benefit his family. 100% of the money raised will go directly to The Coppen family to help support them in their time of need.

Scott is the father of two young wonderful kids, Cameron 8 and Addie 6. His wife Lori is devoted to staying strong and doing all she can for Scott and their family during this time. She is strong and amazing! They all would benefit from your help.

An incredible father, husband, and coach to our kids.

Thank you again for your support.
